- Please note: Online giving is only for tax-deductible **charitable contributions** according to the IRS regulations. Goods or services (registration fees, books, fundraisers (when you receive something i.e. dinner, etc.), is **not** tax-deductible.
- Please be sure to select the correct ministry contribution categories (from the drop down box) when entering your contributions. **You may choose up to three separate ministry contribution categories at one time.**
- When choosing “**Designated Missionary**” category, enter the name of the Missionary in the “Comments” section.
- When designating funds to a **ministry not listed** (in the drop down box), please choose “General Offerings” and enter detailed information (be specific) regarding the ministry, in the “Comments” section.

NOTE: The “Comments” section will only relate to the first contribution category entered. If you have multiple contribution funds that require the use of the “Comments” section, "Submit" each contribution as a single transaction.
